

StarGreen DM450/700 Pro

450 and 700 litre Demount Truck
Mounted Amenity Sprayers

Product Description

Designed for use with John Deere Pro-gator, Toro Workman and Jacobsen Truckster type vehicles, the sprayers are attached using the existing pin points and ram mount, which makes the sprayer easy and quick to mount and dis-mount. Fitted as standard with in-cab electric boom section controls, the DM450 / 700 Pro Sprayer is the professional accessory for use with these specialist vehicles. The sprayer pump is hydraulically driven as standard so there is no need for PTO drive kits.
