

# MX Series.

2,000kg / 2,500kg / 3,000kg

Your key to affordable productivity.

# MX features

The new MX Series forklift trucks are engineered to provide reliable, long lasting performance and durability. Built in the UK and backed by a regional dealer network which shares the manufacturer's commitment to Yale® maintenance and parts support that is highly dependable – and highly competitive over the whole life of the truck.

## Yale mast

Substantial operator visibility through the standard Yale mast. An enhanced field of view is afforded by installing an optional Yale High Vis™ Mast.

## Hydraulic levers

Hydraulic levers come as standard offering accurate control of the forks and mast.

## Continuous Stability Enhancement™

Continuous Stability Enhancement™ (CSE) allows travel on uneven surfaces with greater confidence and higher productivity.

## Forks

Hook-type standard taper 1000mm CLII (2.0-2.5t models) or CLIII (3t model) forks.

## Long service intervals

Intervals for planned maintenance are 500 hours for diesel engines and 300 hours for LPG.

## The MX series is manufactured through ISO9001 certified processes and offers:

- Variety of engine options; diesel, LPG and dual-fuel (petrol/LPG)
- Lower cost of ownership
- Superior ergonomics
- Operator comfort
- Backed by an extensive dealer network
- Aftermarket service and support

### Easy operator access

Generous foot space, shoulder clearance and an easy on-off step access for operators ensure operator accessibility and safety upon entry and exit.

### LPG gas tank (LPG models only)

Fix-mounted on the counterweight.

### Isolated powertrain

Reduces noise and vibration, minimising operator fatigue and improving comfort.

### Tyres

Super-elastic tyres from Trelleborg deliver cost effective performance.

## Build the MX to your needs with a wide range of options including:

- Full suspension vinyl seat (cloth seat with cabin)
  - High overhead guard cab with steel door option
  - High overhead guard without cab – accommodates front, top, rear cab panel options and the PVC doors. Cabs can be retro-fitted
  - Forks available in 40, 45 and 50mm thicknesses and 100, 125 and 180mm widths
  - Premium Trelleborg Pit Stop Line superelastic tyres
  - Pneumatic radial tyres
  - Manually adjustable back-up alarm
- ### Lighting options
- LED light kit (tail, brake, back-up)
  - LED light kit (tail, brake, back-up, turn and side marker)
  - Work light kit – LED and halogen (2 x front / 1 x rear), reverse-activated rear work light
  - Amber strobe light
- NB.** Rear Reflectors are standard.

# About Yale®

Yale is a leading global manufacturer and supplier of high-quality counterbalance forklift trucks, warehouse equipment and fleet solutions. 'People, products and productivity' sums up our approach to materials handling business. With over 140 years experience, we are proud of our reputation as an innovative, forward-thinking manufacturer.

Yale dealerships provide flexible truck servicing solutions and are linked to one of the industry's most sophisticated parts distribution operations. You'll find support for Yale forklifts throughout the EMEA region – provided by a big regional footprint stretching through Europe, Middle East and Africa.
