

HE-VA VIP Roller

Simple cost effective consolidation

HE-VA
distributed by **OPICO**

The HE-VA VIP Roller is a simple three section set of hydraulic folding rolls which is available with a variety of ring sizes and types in working widths up to 8.2m. VIP Rollers benefit from the same exacting quality and attention to detail built into other machines in the HE-VA range but are made to a simpler specification to provide a cost effective set of rolls.

FEATURES

NG RINGS

NEW generation 8 spoke, 9 spoke, 10 spoke rings dependent on size are more resistant to shock damage - 3 year warranty.

SAFE TRANSPORT

Horizontal folding with cradles to lock the wing sections in transport.

LIGHTS

LED Lights are standard equipment.

SAT SYSTEM (OPTIONAL)

Recommended on wider models to ensure the weight of the centre frame is spread evenly across the rolls.

STONE TRAY (OPTIONAL)

Stone trays are available as an option on all VIP Roller models.

- All models fold horizontally • Plain Cambridge or Cambridge and Breaker Rings • Road lights as standard • 60mm axles
- 4.5m with 10.0/80 x 12 wheels • 5.4m - 6.3m with 10.0/75 x 15.3 wheels • 7.3m - 8.2m with 11.5/80 x 15.3 wheels
- NEW generation 8 spoke (500/510mm), 9 spoke (550/560mm), 10 spoke rings (600/620mm), with 3 year warranty.
