

Bobcat

One Tough Animal

COMPACT WHEEL LOADERS

L85, L95

🌐 Europe

INTRODUCTION

ONE TOUGH ANIMAL

► OUR MISSION

We empower operators to accomplish more, while working in the toughest conditions and tightest situations. When our customers have the will, we provide the way.

► BOBCAT'S HISTORY

In 1958, Melroe Manufacturing Company introduced a compact front-end loader that evolved quickly into the M400, the world's first true skid steer loader. The company soon adopted what became the world-famous 'Bobcat' brand – and its success paved the way for the global compact equipment industry we know today.

► IN EUROPE, FOR EUROPE

Compact wheel loaders are developed and manufactured at the same premises as other legendary Bobcat products.

► BOBCAT TODAY

Bobcat loaders reshaped the agriculture and construction industries with a solution that is compact, maneuverable, productive and tough. Today, with the largest portfolio of loaders on the market, we continue the spirit of this pioneering product.

DESIGNED AROUND THE WAY YOU WORK

► **POWERFUL YET EASY TO USE**

With a stellar combination of high power, intuitive controls, operator comfort and ease of use, Bobcat's compact wheel loaders are perfect for a multitude of tasks, whatever your business.

► **ROCK-SOLID PERFORMANCE**

Powerful engine, wide attachment selection, and a comfortable cab. With Bobcat's compact wheel loaders, you complete every job efficiently.

► **SMART AND INTUITIVE**

Get started in seconds thanks to simple and intuitive controls. Even less experienced operators can get to work fast and with confidence.

► **FIRST-CLASS COMFORT**

Stay comfortable thanks to a luxurious seat and 2-way adjustable steering column, while enjoying great visibility with a fully glazed door.

► **RELIABLE SUPPORT**

Bobcat has your back with an extensive dealer network, a single service point for machine and engine, and remote monitoring.

PERFORMANCE

OUTSTANDING PRODUCTIVITY

Equipped with a mighty engine and a powerful high flow option, Bobcat's compact wheel loader features high breakout forces paired with solid stability. Do more, get better results, and grow your business.

TRULY MULTI-PURPOSE

Need to use more than the bucket for a specific job? Choose from a large selection of compatible Bobcat loader attachments and a powerful High Flow option for up to 103 liters/minute.

ONE LESS THING TO WORRY ABOUT

For the first time, two handy features from the automotive industry are applied to loaders. With Automatic Parking Brake and Slope Assist, the parking brake is engaged and disengaged seamlessly, just when you expect it.

FULLY IN CONTROL

Let the machine be an extension of your hands, thanks to an intelligent, ergonomic and intuitive control scheme. All functions – and numerous quality-of-life features – are at your fingertips.

STEP INSIDE

► **SMOOTH RIDE**

Our compact wheel loader is designed to ensure you stay comfortable day after day. The joystick console is firmly connected to the suspension heated seat – a unique solution on the market. This keeps the joystick stable in your hand and makes the ride easy and smooth, even on uneven terrain.

► **AT YOUR FINGERTIPS**

Everything, from joystick to the soft touch button console and the jog shuttle wheel, is designed for optimal ease of use and positioned close at hand.

► **FULLY ERGONOMIC**

Easily adjust the position of the steering wheel, joystick and seat to what suits you best. Make your loader fit you like a glove.

► **5-INCH DISPLAY**

The jog shuttle-controlled LCD screen displays critical updates and automatically switches to the rear-view camera's feed when in reverse.

BUILT TOUGH

► LEGACY OF INNOVATION

You'll always find quality materials and sturdy design in your Bobcat machine. This is as true for the time-proven world's most popular skid-steer loader as it is for our new compact wheel loader. You can stake your reputation on the durability of our new equipment, built with the same reliable components as our other Bobcat machines.

► MADE TO KEEP YOU IN THE FIELD

We're continually improving the ease of servicing with features such as battery disconnect and automatic servicing reminders on the screen. Accessing servicing points and battery is easy, and integrated greasing points minimize servicing time. If you do need to visit the shop, one service point for both machine and engine puts you back to the field in no time.

A MACHINE THAT WORKS WITH YOU. A BRAND THAT STANDS BEHIND YOU.

Buying a Bobcat isn't just a purchase — it's peace of mind. From day one to the final hour, we're with you.

BOBCAT WARRANTY

COVERAGE THAT HAS YOUR BACK

Every new Bobcat comes with built-in confidence — and the option to go even further.

- ✓ 2 years / 2 000 hours of standard coverage
- ✓ Protection Plus: Extend your warranty up to 5 years / 6 000 hours for your peace of mind

MACHINE IQ

STAY IN CONTROL — EVEN FROM A DISTANCE

Track your machine's performance, location, fuel level, and health in real time from your phone or computer thanks to Machine IQ, with a Standard plan now free with new machines.

ATTACHMENTS

ONE MACHINE, MANY JOBS

Your Bobcat is more than a machine — it's your all-in-one solution. From loading to drilling to cleanup, swap tasks in seconds.

- ✓ Pre-selected kits for easier setup
- ✓ Quick changes with Bob-Tach® or common industry interface (CII)

TRAINING VIDEOS:
QUICK TIPS,
REAL RESULTS

SERVICE

SERVICE THAT KEEPS YOU MOVING

Bobcat-authorized service means your machine gets expert care — fast. Regular checks, genuine parts, minimal downtime. And support that's always close by.

GENUINE PARTS

GUARANTEED PERFORMANCE.

Perfect fit, lasting performance, longer machine life. With genuine Bobcat parts, every start is reliable, and every action precise.

- ✓ Wide partner network
- ✓ 96% of parts delivered within 48 hours

BOBCAT CERTIFIED

BACKED TO HOLD VALUE

A well-maintained Bobcat keeps its edge — and its worth. With Bobcat Certified, your machine stays recognised, trusted, and ready for the next owner.

BOBCAT. RELIABILITY THAT LASTS LONGER.

CHOOSE YOUR ANIMAL

L85

► **ENHANCED PRODUCTIVITY
IN A COMFORTABLE PACKAGE**
With a more powerful 68 hp engine, the L85 features an impressive tipping load of 3 151 kg. Advanced Attachment Controls, LED work lights and other performance features come as standard and ensure great comfort and outstanding productivity.

L95

► **THE FULL PACKAGE
FOR MAXIMUM COMFORT**
The L95 comes with a 75 hp engine, allows to have bigger bucket, maximum travel speed of 40 km/h, deluxe heated air suspension seat, and many other features as standard. Together with excellent visibility and intuitive controls, the L95 represents the perfect machine – with everything you need to do more every day.

Quick-Tach™ coupler (installed as standard)

Quick-Tach™ to Bob-Tach™ adapter (required for all attachments except buckets and pallet forks)

Angle broom

Snow blower

Pallet forks

General purpose bucket

PRECISION OR SPEED? WE SAY BOTH.

CONTROLS TAILORED TO YOUR NEEDS

With traditional controls, you can have speed or precision, but not both. We've changed that. Our revolutionary selectable dual-control system allows you to work with just the right precision – or speed – whichever you need.

STANDARD CONTROLS FOR LOAD AND CARRY

You will immediately feel at home during loading and handling applications. The standard travel control mode makes operating a bucket or pallet fork feel familiar and intuitive.

What's more, switching from forward to reverse is now even more convenient than ever: the FNR switch, located on the front side of the joystick, stays close to your index finger the whole time.

ADVANCED ATTACHMENT CONTROLS

When using advanced attachments – like an angle broom or a snow blower – you can take advantage of Bobcat's unique Advanced Attachment Control mode. With the push of a button, the throttle control dial manages the attachment's speed. (This is separate from the machine's travel speed, which is regulated by the gas pedal and includes a useful speed limiter.) Additionally, thanks to a conveniently located auxiliary control panel, you can control up to 4 functions of the attachment.
